

**Jesmyn Zanabria BSN, RN  
DNP Candidate 2022  
ICU Nurse and Nurse Educator**

My passion for nursing and for helping the Latinx community gain access to excellent health care and services inspired me to join WW-NAHN. My role as a member and as a board member in WW-NAHN provides me access to support underserved Latinx communities in identifying solutions to health disparities that affects them. My role as a member also provides me to direct opportunities to mentor Latinx heritage nursing students through school and beyond, as well as be a role model for middle and high school students in the nursing profession. As board member, I will dedicate time to assist in meetings and volunteer in different community activities. Also, I will dedicate my leadership experience to continue WW-NAHN's mission of promoting and advocating for educational encouragement through scholarships for the Latinx heritage-nursing students.
